## **CBTX, Inc. Reports Quarterly Financial Results**

Houston, Texas, July 28, 2021 -- CBTX, Inc., or the Company (NASDAQ: CBTX), the bank holding company for CommunityBank of Texas, N.A., or the Bank, today announced its results for the second quarter of 2021.

Robert R. Franklin, Jr., Chairman, CEO and President of the Company stated, “We are proud to present our second quarter financial results which we think are indicative of a transition from a COVID dominated economy to a more robust, growth economy. We have seen credit steadily improve, deposits continue to grow, customers beginning to develop new projects and look to expand their operations, and our local economy rally with improvement in the unemployment picture. We are seeing a more natural flow of payoffs as people sell projects or modify them into more permanent financing.”

Mr. Franklin continued, “Our officers are increasing their pace of in-person meetings, and we are seeing our pipeline expand as we continue into the third quarter. We expect to continue to see new and improved activity through the third and fourth quarter.”

Mr. Franklin added, “We have been provided significant liquidity by our customer base. Our job is to stay focused and disciplined on our credit culture as we put these funds to work. Competition for business is stiff and the rate environment is challenging; however, these are issues we have dealt with since our inception. We are happy to be in a more robust economy and will continue to use that growth to continue to build CBTX for the future.”

### **Highlights**

- Net income was \$11.7 million for the second quarter of 2021, or \$0.48 per diluted share, compared to \$10.0 million, or \$0.41 per diluted share, for the first quarter of 2021 and \$2.2 million, or \$0.09 per diluted share, for the second quarter of 2020.
- Recapture of allowance for credit losses, or ACL, of \$5.1 million, primarily due to continued improvements in the national economy and forward-looking national economic forecasts, improved loan quality and the reduction of loan balances and unfunded commitments during the second quarter of 2021.
- Net interest margin on a tax equivalent basis decreased to 3.29% for the second quarter of 2021, compared to 3.71% for the first quarter of 2021, primarily due to lower loan rates and average balances for the loan portfolio.
- Cash and equivalents increased \$183.7 million to \$788.4 million during the second quarter of 2021, primarily due to net deposit inflows and loan payments received.

### **Operating Results**

#### **Net Interest Income**

Net interest income was \$31.0 million for the second quarter of 2021, compared to \$33.1 million for the first quarter of 2021 and \$32.2 million for the second quarter of 2020. Net interest income decreased \$2.1 million during the second quarter of 2021, compared to the first quarter of 2021, primarily due to lower loan rates and lower average loans, partially offset by the impact of one additional day, higher average securities and lower rates on interest-bearing deposits in the second quarter of 2021. Net interest income includes \$1.5 million of net fees recognized on Paycheck Protection Program, or PPP, loans in the second quarter of 2021, compared to \$3.2 million recognized in the first quarter of 2021.

Net interest income decreased \$1.1 million during the second quarter of 2021, compared to the second quarter of 2020, primarily due to lower rates on interest-earning assets, lower average loans and higher average interest-bearing deposits, partially offset by lower rates on interest-bearing deposits and higher average securities and other interest-earning assets.

The yield on interest-earning assets was 3.41% for the second quarter of 2021, compared to 3.85% for the first quarter of 2021 and 3.91% for the second quarter of 2020. The cost of interest-bearing liabilities was 0.32% for the second quarter of 2021, 0.34% for the first quarter of 2021 and 0.52% for the second quarter of 2020. The Company's net interest margin on a tax equivalent basis was 3.29% for the second quarter of 2021, compared to 3.71% for the first quarter of 2021 and 3.68% for the second quarter of 2020.

#### **Provision (Recapture) for Credit Losses**

The provision for credit losses was a recapture of credit losses of \$5.1 million for the second quarter of 2021, compared to a provision for credit losses of \$412,000 for the first quarter of 2021 and a provision for credit losses of \$9.9 million for the second quarter of 2020.

The recapture of credit losses for the second quarter of 2021 includes a recapture of \$4.2 million related to the loan portfolio and a recapture of \$893,000 related to unfunded commitments and was primarily the result of certain qualitative factor adjustments used to determine the ACL.

The provision for credit losses of \$412,000 for the first quarter of 2021 reflected an increase in specific reserves for loans individually evaluated within the portfolio, partially offset by the impact of a reduction in the loan portfolio and minimal adjustments to the qualitative factors utilized to determine the ACL.

The provision for credit losses of \$9.9 million for the second quarter of 2020 resulted from the impact of the COVID-19 pandemic and the sustained instability of the oil and gas industry, which led to the adjustment of certain factors utilized to determine the ACL.

At June 30, 2021, the ACL for loans was \$37.2 million, or 1.36% to loans excluding loans held for sale, \$40.9 million, or 1.41% to loans excluding loans held for sale, at March 31, 2021 and \$39.7 million or 1.35% to loans excluding loans held for sale at June 30, 2020. The decrease in the ACL for loans at June 30, 2021 was primarily the result of the assessment of certain qualitative factors utilized in the Company's ACL estimate. Due to the continued improvements in the national economy, economic forecasts and loan quality, the Company adjusted its economic forecasts and certain loan qualitative factors. A decrease in the collectively evaluated loan portfolio also resulted in a decrease in the ACL at June 30, 2021.

The ACL for unfunded commitments was \$3.4 million at June 30, 2021, compared to \$4.3 million at March 31, 2021 and \$5.0 million at June 30, 2020.

#### **Noninterest Income**

Noninterest income was \$3.5 million for the second quarter of 2021, \$3.1 million for the first quarter of 2021 and \$2.9 million for the second quarter of 2020. The increase of \$380,000 for the second quarter of 2021, compared to the first quarter of 2021 and the increase of \$582,000 for the second quarter of 2021, compared to the second quarter of 2020 were both primarily due to gains on sales of assets and higher card interchange fees during the second quarter of 2021.

#### **Noninterest Expense**

Noninterest expense was \$25.2 million for the second quarter of 2021, compared to \$23.3 million for the first quarter of 2021 and \$22.5 million for the second quarter of 2020. The increase in noninterest expense of \$1.9 million between the second quarter of 2021 and the first quarter of 2021 was primarily due to a \$738,000 increase in professional and director fees, mainly from consulting and legal fees related to Bank Secrecy Act/Anti-Money Laundering, or BSA/AML, compliance matters, a \$546,000 increase in salaries and employee benefits, an increase in advertising, marketing and business development expense of \$225,000 and a \$147,000 increase in security and protection expense.

The increase in noninterest expense of \$2.7 million for the second quarter of 2021, compared to the second quarter of 2020, was primarily due to a \$900,000 increase in professional and director fees, a \$722,000 increase in salaries and employee benefits, a \$369,000 increase in data processing and software, a \$241,000 increase in advertising, marketing and business development expense and a \$186,000 increase in security and protection expense.

Total consulting related fees associated with BSA/AML compliance matters were \$796,000 for the second quarter of 2021, compared to \$661,000 in the first quarter of 2021 and \$214,000 in the second quarter of 2020. Legal fees related to the BSA/AML compliance matters were \$592,000 for the second quarter of 2021 compared to \$290,000 for the second quarter of 2020. No legal fees related to the BSA/AML compliance matters were recorded in the first quarter of 2021.

### **Income Taxes**

Income tax expense was \$2.7 million for the second quarter of 2021, \$2.5 million for the first quarter of 2021 and \$539,000 for the second quarter of 2020. The effective tax rates were 18.70% for the second quarter of 2021, 19.87% for the first quarter of 2021 and 19.95% for the second quarter of 2020. The differences between the federal statutory rate of 21% and the effective tax rates were largely attributable to permanent differences primarily related to tax exempt interest income and bank-owned life insurance earnings.

### **Balance Sheet Highlights**

#### **Loans**

Loans excluding loans held for sale were \$2.7 billion at June 30, 2021, \$2.9 billion at March 31, 2021 and \$2.9 billion at June 30, 2020. The decrease from March 31, 2021 to June 30, 2021 and the decrease from June 30, 2020 to June 30, 2021 were both primarily due to higher loan paydowns versus loan originations.

The decrease in loans was impacted by the Company's participation in the PPP under the Coronavirus Aid, Relief and Economic Security Act, or CARES Act, which facilitates loans to small businesses. PPP loans, net of deferred fees and unearned discounts, were \$179.1 million at June 30, 2021, \$268.8 million at March 31, 2021 and \$323.7 million at June 30, 2021. During the second quarter of 2021, \$20.4 million of PPP loans were originated and payments totaling \$110.4 million were received. During the first quarter of 2021, \$122.3 million of PPP loans were originated and payments totaling \$123.4 million were received.

In support of customers impacted by the COVID-19 pandemic, the Company offered relief through payment deferrals during 2020 and the first and second quarters of 2021. As of June 30, 2021, the Company had 9 loans subject to such deferral arrangements with total outstanding principal balances of \$20.5 million, compared to 16 loans totaling \$34.3 million as of March 31, 2021 and 689 loans totaling \$545.0 million at June 30, 2020.

#### **Deposits and Borrowings**

Total deposits were \$3.4 billion at June 30, 2021, \$3.4 billion at March 31, 2021 and \$3.3 billion at June 30, 2020. The increase in deposits of \$32.0 million between March 31, 2021 and June 30, 2021 was due to net deposit inflows of \$96.7 million in interest-bearing accounts, partially offset by net deposit outflows of \$64.6 million in non-interest-bearing accounts. The increase in deposits of \$162.6 million between June 30, 2020 and June 30, 2021 was due to net deposit inflows of \$119.5 million and \$43.0 million in interest-bearing accounts and noninterest-bearing accounts, respectively.

The Company defines total borrowings as the total of repurchase agreements, Federal Home Loan Bank advances and notes payable. Total borrowings were \$50.0 million, \$50.0 million and \$52.5 million at June 30, 2021, March 31, 2021 and June 30, 2020, respectively.

#### **Capital**

At June 30, 2021, the Company continued to be well capitalized and maintained strong capital ratios under bank regulatory requirements. The Company's total risk-based capital ratio was 17.72% at June 30, 2021, compared to 17.00% at March 31, 2021 and 16.56% at June 30, 2020. The Company's tier 1 leverage ratio was 11.63% at June 30, 2021, compared to 11.90% at March 31, 2021 and 11.96% at June 30, 2020. The Company's total shareholders' equity to total assets ratio was 13.68% at June 30, 2021, 13.54% at March 31, 2021 and 13.77% at June 30, 2020.

The ratio of tangible equity to tangible assets was 11.84% at June 30, 2021, 11.67% at March 31, 2021 and 11.84% at June 30, 2020. Tangible equity to tangible assets is a non-GAAP financial measure. The most directly comparable financial measure calculated in accordance with United States generally accepted accounting principles, or GAAP, to tangible equity to tangible assets is total shareholders' equity to total assets. See the table captioned "Non-GAAP to

GAAP Reconciliation” at the end of this earnings release.

### **Non-GAAP Financial Measures**

This earnings release contains certain non-GAAP financial measures including “tangible book value,” “tangible book value per common share,” and “tangible equity to tangible assets,” which are supplemental measures that are not required by, or are not presented in accordance with, GAAP. Please refer to the table titled “Non-GAAP to GAAP Reconciliation” at the end of this earnings release for a reconciliation of these non-GAAP financial measures.

### **Conference Call Information**

The Company will hold a conference call to discuss second quarter 2021 financial results on Thursday, July 29, 2021 at 8:00 a.m. Central Time (9:00 a.m. Eastern Time). Investors and interested parties may listen to the teleconference via telephone by calling (877) 620-1733 if calling from the U.S. or Canada (or (470) 414-9785 if calling from outside the U.S.). The conference call ID number is 1036609. To access the live webcast of the conference call, individuals can visit the Investor Relations page of the Company’s website: <https://ir.cbtxinc.com/events-and-presentations>. An archived edition of the earnings webcast will also be posted on the Company’s website later that day and will remain available to interested parties via the same link for one year.

The conference call will contain forward-looking statements in addition to statements of historical fact. The actual achievement of any forecasted results or the unfolding of future economic or business developments in a way anticipated or projected by the Company involves numerous risks and uncertainties that may cause the Company’s actual performance to be materially different from that stated or implied in the forward-looking statements. Such risks and uncertainties include, among other things, risks discussed within the “Risk Factors” section of the Company’s most recent Forms 10-Q and 10-K and subsequent 8-Ks.

## Forward-Looking Statements

This earnings release may contain certain forward-looking statements within the meaning of the securities laws that are based on various facts and derived utilizing important assumptions, current expectations, estimates and projections about the Company and its subsidiary. Forward-looking statements include information regarding the Company's future financial performance, business and growth strategy, projected plans and objectives, as well as projections of macroeconomic and industry trends, which are inherently unreliable due to the multiple factors that impact economic trends, and any such variations may be material. Statements preceded by, followed by or that otherwise include the words "believes," "expects," "anticipates," "intends," "projects," "estimates," "plans" and similar expressions or future or conditional verbs such as "will," "should," "would," "may" and "could" are generally forward-looking in nature and not historical facts, although not all forward-looking statements include the foregoing. Further, certain factors that could affect our future results and cause actual results to differ materially from those expressed in the forward-looking statements include, but are not limited to: natural disasters and adverse weather on the Company's market area, acts of terrorism, pandemics, an outbreak of hostilities or other international or domestic calamities and other matters beyond the Company's control; the Company's ability to manage the economic risks related to the impact of the COVID-19 pandemic (including risks related to its customers' credit quality, deferrals and modifications to loans); the geographic concentration of the Company's markets in Houston and Beaumont, Texas; the Company's ability to manage changes and the continued health or availability of management personnel; the amount of nonperforming and classified assets that the Company holds and the time and effort necessary to resolve nonperforming assets; deterioration of asset quality; interest rate risk associated with the Company's business; national business and economic conditions in general, in the financial services industry and within the Company's primary markets; sustained instability of the oil and gas industry in general and within Texas; the composition of the Company's loan portfolio, including the identity of the Company's borrowers and the concentration of loans in specialized industries; changes in the value of collateral securing the Company's loans; the Company's ability to maintain important deposit customer relationships and its reputation; the Company's ability to maintain effective internal control over financial reporting; the Company's ability to pursue available remedies in the event of a loan default for PPP loans and the risk of holding such loans at unfavorable interest rates and on terms that are less favorable than those with customers to whom the Company would have otherwise lent; volatility and direction of market interest rates; liquidity risks associated with the Company's business; systems failures, interruptions or breaches involving the Company's information technology and telecommunications systems or third-party servicers; the failure of certain third-party vendors to perform; the institution and outcome of litigation and other legal proceedings against the Company or to which it may become subject; the operational risks associated with the Company's business; the costs, effects and results of regulatory examinations, investigations, including the ongoing investigation by the Financial Crimes Enforcement Network of the U.S. Department of Treasury, or FinCEN, or reviews or the ability to obtain required regulatory approvals; the Company's ability to meet the requirements of its Formal Agreement with the Office of the Comptroller of the Currency and the risk that such Formal Agreement may have a negative impact on the Company's financial performance and results of operations; changes in the laws, rules, regulations, interpretations or policies relating to financial institution, accounting, tax, trade, monetary and fiscal matters; governmental or regulatory responses to the COVID-19 pandemic that may impact the Company's loan portfolio and forbearance practice; further government intervention in the U.S. financial system that may impact how the Company achieves its performance goals; and other risks, uncertainties, and factors that are discussed from time to time in the Company's reports and documents filed with the SEC. Additionally, many of these risks and uncertainties have been elevated by and may continue to be elevated by the COVID-19 pandemic.

The foregoing factors should not be construed as exhaustive and should be read together with the other cautionary statements included in the Company's Annual Report on Form 10-K, filed with the Securities and Exchange Commission, or SEC, and other reports and statements that the Company has filed with the SEC. If one or more events related to these or other risks or uncertainties materialize, or if the Company's underlying assumptions prove to be incorrect, actual results may differ materially from what it anticipates. Accordingly, you should not place undue reliance on any such forward-looking statements. Any forward-looking statement speaks only as of the date on which it is made, and the Company does not undertake any obligation to publicly update or review any forward-looking statement, whether as a result of new information, future developments or otherwise. New factors emerge from time to time, and it is not possible for the Company to predict which will arise. In addition, the Company cannot assess the impact of each factor on its business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements. Copies of the SEC filings for the Company are available for download free of charge from [www.communitybankoftx.com](http://www.communitybankoftx.com) under the Investor Relations tab.

**Non-GAAP to GAAP Reconciliation**  
(In thousands, except per share data and percentages)

Our accounting and reporting policies conform to GAAP and the prevailing practices in the banking industry. However, we also evaluate our performance based on certain additional non-GAAP financial measures. We classify a financial measure as being a non-GAAP financial measure if that financial measure excludes or includes amounts, or is subject to adjustments that have the effect of excluding or including amounts, that are not included or excluded in the most directly comparable measure calculated and presented in accordance with GAAP in our statements of income, balance sheets or statements of cash flows. Non-GAAP financial measures do not include operating, other statistical measures or ratios calculated using exclusively financial measures calculated in accordance with GAAP. Non-GAAP financial measures should not be considered in isolation or as a substitute for the most directly comparable or other financial measures calculated in accordance with GAAP. Moreover, the way we calculate the non-GAAP financial measures may differ from that of other companies reporting measures with similar names.

This earnings release contains certain non-GAAP financial measures including “tangible book value,” “tangible book value per common share,” and “tangible equity to tangible assets,” which are supplemental measures that are not required by, or are not presented in accordance with, GAAP.

We calculate tangible equity as total shareholders’ equity, less goodwill and other intangible assets, net of accumulated amortization, and tangible book value per share as tangible equity divided by shares of common stock outstanding at the end of the relevant period. The most directly comparable GAAP financial measure for tangible book value per share is book value per share.

We calculate tangible assets as total assets less goodwill and other intangible assets, net of accumulated amortization. The most directly comparable GAAP financial measure for tangible equity to tangible assets is total shareholders’ equity to total assets.

We believe that tangible book value per share and tangible equity to tangible assets are measures that are important to many investors in the marketplace who are interested in book value per share and total shareholders’ equity to total assets, exclusive of change in intangible assets.

The following table reconciles, as of the dates set forth below, total shareholders’ equity to tangible equity, total assets to tangible assets and presents book value per share, tangible book value per share, tangible equity to tangible assets and total shareholders’ equity to total assets:
